didn't. The subject matter in 394 as it exists today is negated by the fact that Congress has now changed its game plan and I don't know whether this is the 17th or 18th time but they are progressively bleeding this thing white, getting it down to where it is going to be about as offensive as a spring rain, and at this time, I think it would be an undue occupation of the Legislature's time to consider it. The Senate version I believe will be passed yet this month. The House version I am not a bit certain of, and accordingly, I would ask that this bill be bracketed, what was that date, Senator Lewis, March 25th, to a March 25th, and for the consideration of those members of the body, I would say at that time if anything I would probably recommend that we adopt a statute similar to...that the bill be gutted and the Michigan law be inserted. It is about the only true no fault version that exists today, but for the moment, I would ask unanimous consent to bracket until March 25th.

PRESIDENT: Senator Murphy, could I inquire, do you want that taken up after LB 503 or before LB 503?

SENATOR MURPHY: How about right in the middle of?

PRESIDENT: All right. You have heard the motion. Is there an objection? Or request. Seeing none, it is so ordered. Mr. Speaker, that completes Select File. I have been advised by the staff that we have 46 members.

CLERK: Mr. President, your committee on Public Health to whom was referred LB 909 instructs me to report the same to the Legislature the recommendation it be advanced to General File as amended.

SENATOR BURBACH: Mr. President, members of the Legislature, if we have this full a membership, I think we should go back to 811 and 503.

PRESIDENT: Senator Burrows.

SENATOR BURROWS: I move that we advance LB 811 or place it on the floor. Now I want to...is this a closing?

PRESIDENT: No, that motion is not in order. Read it, Mr. Clerk.

CLERK: The motion is to place LB 811 on General File notwithstanding the action of the Committee. This is a pending motion.

SENATOR BURROWS: Yes. I so move.

PRESIDENT: You are not closing, Senator.

SENATOR BURROWS: Thank you.

PRESIDENT: Senator Murphy.
